KNOWLEDGE

- C# /NET FRAMEWORK
- MICROSOFT OFFICE
- C/C++
- JAVA
- INGLÉS
- PHP / JAVASCRIPT / CSS
- HTML / BOOTSTRAP
- ANGULAR / REACT

WORK EXPERIENCE

ACCOUNTING SERVICES
APRIL 2018 – MAY 2022

In this job I acquired a lot of knowledge about what it means to lead an active working life, because I complied with certain hours and days to be efficient in the jobs assigned to me and deliver them on time.
I learned to make a more effective use of the office package as well as to know the basics about accounting.

INTERN AT FLEXTRONICS
AUGUST 2022 – JAN 2023

During my stay at Flex, I helped make Dashboards and programs of different kinds, with the use of C#, Net Framework, several programming libraries, and the use of SQL Server databases.

REACT DEVELOPER JR
JUL 2023 – NOW

From July 2023 to the present, I have been working as a React Developer. During this time, my role has involved translating design concepts into functional code, creating reusable React components to build dynamic and responsive user interfaces. I have been responsible for seamlessly integrating these components with backend services to ensure a cohesive user experience.

GITHUB AND STACKBLITZ REPOSITORY

Throughout my university career, I have carried out different works that I uploaded and published in my stackblitz and GitHub profile. https://stackblitz.com/@SeergioSolis2 https://github.com/SeergioSolis2?tab=repositories
